ayushivispute4@gmail.com

## ABOUT ME

Motivated Computer Engineering student with strong skills in Python, data structures, and web development. Passionate about creating real-world projects such as e-commerce platforms and image processing tools. Seeking internship opportunities to apply technical skills, learn industry practices, and contribute to impactful software solutions.

## EDUCATION

Sinhgad Institute of Technology, Pune

Bachelor of Engineering (B.E.) – Computer Engineering (3rd Year)

Current CGPA: 9.27 / 10

Expected Graduation: 2027

Loknete Gopinathji Munde Institute of Engineering Education & Research

Diploma in Computer (2021-2024)

87.03%

## PROJECTS

### • MyCraftopia – Full-Stack E-commerce Website

Built an e-commerce platform with features like product listing, shopping cart, user authentication, and responsive design.

Implemented database management and search/filter functionality to improve product discoverability.

- Tech Stack: Flask, HTML, CSS, JavaScript, SQLite/MySQL .

### • Background Remover

Developed a Python-based project to remove image backgrounds.

Can also generate outputs usable as WhatsApp stickers.

- Tech stack: Python, OpenCV, NumPy.

## SKILLS

- Programming Languages: Python, C/C++, JavaScript
- Frameworks & Tools: Flask, NumPy, Pandas, Git, HTML/CSS, Node.js
- Soft Skills: Problem-solving, Communication, Teamwork, Adaptability
